HOW TO USE OUR FORM.

We hope you find this form helpful and easy to use. However, we recognize that technology is not always as easy to use as we hope. To that end, we are providing some tips that may make this easier for you if you wish to submit your form and/or payment electronically. Please remember, using this form is not a requirement...just an easier way to do things. If you have trouble or don't want the bother, you can always print the form and mail it.

TIP 1.

If the form is not working as expected, check this first. Usually, this is what we see as the greatest impediment to successfully using our forms. Check to see what program the PDF file opened. Many times, the default is to your web browser, rather than an Adobe program.

The easiest way to be sure you are using an Adobe program is: 1) Save this file to your computer; 2) Open the Adobe program; 3) From within the program, use file → open to retrieve the saved file.
SIDENOTE...When I download programs like Acrobat, I generally turn off any optional or suggested additional downloads/add-ins.

TIP 2.

For convenience sake, the form has built in calculations. We cannot guarantee that these won't get stripped out by email or virus protectors. We've supplied the formulas for "Parish" and "Financial Institution" memberships, just in case. This is also one of the reasons you must manually type in your membership investment amount.

TIP 3.

The Lagniappe Line is for our many members who make donations above their membership costs. We thank you!! Over the years, we have worked hard to keep our costs low, so that we can maintain a low membership investment. It's thanks to our extra donors that we have been successful doing this. Two quick notes:

1. We are a 501c3. Your donations are taxable to the fullest extent of the law.
2. Our credit card processor charges just under 3% for a transaction fee. If you are paying by credit card and would like to offset this, we would appreciate it.

TIP 4.

PayPal makes it easy for us to take credit card payments. We understand that many people don't want to use online payments. That's fine, please print the form and mail it. If you do use PayPal, it will likely ask you to establish a password. We just wanted you to know that up front so you would be prepared.
